

Prospectus for artstream

We review work on a monthly basis and encourage you to send us an email of ten pieces of your work and your website address where we can get a better feel for your work. Unfortunately, we can not see work on the spot or without this process, as we would not be able to give your work the time it deserves. We will sell your work retaining 50%. Please make sure your images are ***labeled along with the following information:***

1. artists name
2. title of work
3. dimensions of work
4. retail price of work.

Please return the submissions with this form, your artists statement, and bio. We are happy to return your submissions if you request it, by the following month. Please enclose a self mailer for this purpose.

Thank you!
